

The Town of Monroe is a Proud Participant in National Service Recognition Day

Tuesday, April 3, 2018 has been designated as “National Service Recognition Day.” Formerly known as “Mayors and Counties Recognition of National Service Day,” this initiative is led by the Corporation for National and Community Service (CNCS), the National League of Cities, the National Association of Counties, Cities of Service and the Corporation for National and Community Service, the leading grant funder of Senior Corps.

The purpose of this day is to recognize the value of volunteerism across the nation. We salute the many volunteers who selflessly give of themselves to make a positive impact on numerous programs-making the Town of Monroe and our Country a better place to live!

Leaders across the country are using national service more and more to solve their community’s toughest challenges. CNCS, America’s leader in volunteering and service efforts, engages over 325,000 AmeriCorps members and Senior Corps volunteers in national service at more than 50,000 locations each year. Through partnerships with schools, faith-based groups, non-profits, and local agencies, national service members are embedded within the communities they serve, using their ingenuity and training to make a tangible, lasting impact. Whether responding to natural disasters, tackling the opioid epidemic, educating students for the 21st century workforce, or supporting veterans and military families, AmeriCorps members and Senior Corps volunteers help local leaders make their communities stronger.
