# SMALL QUANTITY GENERATOR CERTIFICATION

I hereby certify that I am a generator of hazardous waste within the State of New York and that because of the small volume of hazardous waste generated and/or stored, I qualify for conditionally exempt small quantity generator status.

I understand that in order for conditionally exempt small quantity generator status, I must meet all three of the following conditions:

1. Generate less than 1 kg/month (2.2 pounds) of acute hazardous waste (as defined by 6 NYCRR Part 371), and never store more than this amount on site at any time; and
2. Generate less than 100 kg/month (220 pounds) of all other hazardous waste (as defined by 6 NYCRR Part 371), and never store more than 1000 kg/month on site at any time.
3. Transport a maximum of 220 lbs of hazardous waste at one time.

Only if I am a farmer, I realize that I may store up to 1000 kg. (2200 pounds) of non-acute hazardous waste pesticides on my farm without losing my conditionally exempt status, provided that these wastes are brought to a household hazardous waste collection program.

I further understand that if, in the future, I exceed the quantity limitations described above, I will become subject to additional regulation as a hazardous waste generator and will no longer be eligible to participate in this type of collection program.

I certify that I have the authority to make these statements on behalf of my farm or business. Also, I, the undersigned, do hereby certify that the items brought for collection came from my farm or business located in Orange County.
